${f Boys}$											
	Insert the outfit description here (something you bought or want to buy). Once the outfit is purchased, mark it done with an "X" and insert the purchase price. Insert clothing you already own here as well.			Have your eye on something? Paste in a link so you don't forget about it and you have fast access to it when you're ready.	Many of these items will likely be worn with more than one outfit. That's fine, insert them next to each outfit so you know that each has their coordinating items. You can check them off your list below in the other/basics section.			Keep track of your budget by inserting costs here
