

# My Very Own Interactive Ke'arah

By Torah Umesorah Chaim and Chaya Baila Wolf Brooklyn Teacher Center

By Mrs. Shaindy Fleischman

**Grade Level:** Early Childhood

## **Description:**

An interactive Seder plate that will help your preschool-aged child feel involved in the seder! This ke'arah is easy to make and requires only simple materials. Children match the parts of the seder plate and then attach them with Velcro, so they can be used again and again. Three matzos underneath the ke'arah, labeled Kohein, Levi and Yisroel, make the ke'arah even more authentic. Your students will take pride in bringing their very own ke'arah to the seder table!

What to Download:

- Download the print-ready PDF file (includes lesson plan/instructions).
- OPTIONAL: Download the editable Publisher file (does not include lesson plan).
