# **Pesach Pictures**

By Rabbi Glatzer

Grade Level: Early Childhood-Early Elementary

## **Description:**

Classic Pesach scenes and pictures with some Yiddish captions that can be colored in by the students for a nice review of Pesach-related material. The sheets can be compiled into a Pesach coloring book, used to decorate the classroom or the students' notebooks.

### Goals/Objectives:

Students will reinforce fine-motor coordination by coloring in the pictures to review Pesach material.

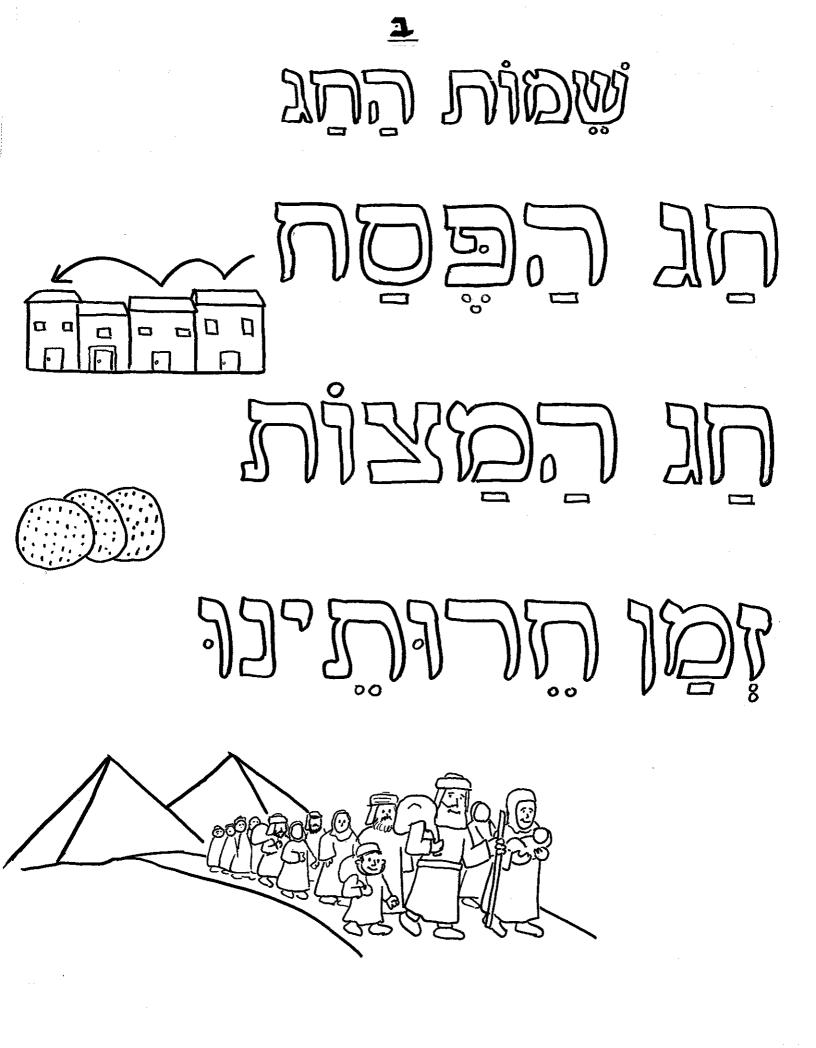

### Instructions:

- 1. Give each child a Pesach coloring packet with all the pictures.
- 2. Use the pictures to teach the material and then have the students color them in.

### Variation:

- Enlarge and color in the pictures and hang in the classroom when learning about Pesach as a visual review.
- Older students can summarize what is occurring in each picture and can write it down on the back of the sheet.
